

February 19, 2009

Dear Professional:

The Kentucky Agency for Substance Abuse Policy, Northern Kentucky Board (KY-ASAP) has been in existence since 2002. Statewide, the goal of KY-ASAP is to promote the reduction of alcohol, tobacco, and other drugs through the implementation of comprehensive research based strategies. The vision is to create a Commonwealth of healthy communities.

In an effort to provide prevention services to as many youth and communities as possible, the Board has a specified amount of money to purchase select research-based substance abuse curriculum for schools to implement. The research based curriculum is available to elementary, middle and high schools throughout Northern Kentucky.

Attached is an order form to request curriculum from KY-ASAP. We invite your school to request the materials to implement select curriculum. Requests will be accepted on a rolling basis and continue as long as funds are available. Requests will be accepted for the following curricula:

- Life Skills Training, elementary version
- Life Skills Training, middle school version
- Project ALERT
- Know Your Body
- Prime for Life Under 21
- Reconnecting Youth
- Strengthening Families
- Tobacco Awareness Program (TAP)
- Tobacco Education Group (TEG)

At the end of the implementation period, KY-ASAP may ask for a brief report on outcomes, including number of students who received the program.

We look forward to working with your school.

Sincerely,

KY-ASAP, Northern Kentucky Board

KY-ASAP, Northern Kentucky Local Board

Funding for Evidence-Based Drug Prevention Materials
